**Lockerbie College – Barbados**

I would give the whole hearted encouragement to all parents to recognise Lockerbie College as the school of FIRST CHOICE.

Lockerbie College has been a breath of fresh air for my 14 year old son Nathan and our family. Having returned from the United Kingdom we found that we needed something other than the state education offered in Barbados.

My parents found Lockerbie College and met with Julia, the Head Mistress of the school. From the start Julia extended a very warm welcome not only to Nathan but to the entire family.

Lockerbie has changed my son's education experience into one of encouragement, positive challenge and excellence. I have seen an immediate improvement in my son's performance, focus and attitude to his studies.

We have found Lockerbie to be everything that has been promised:

- An excellent teaching environment
- Committed, focused, dedicated leadership and teaching staff.
- Well behaved disciplined children
- A warm, caring friendly atmosphere.

My family and I are grateful to the Lockerbie family, God Bless you continually.
